

APPENDIX C Continued

GUIDELINES FOR CALCULATOR USE

The following types of calculators are **PERMITTED WITH MODIFICATION**:

- Calculators with paper tape—*Remove the tape.*
- Calculators that make noise—*Turn off the sound feature.*
- Calculators that can communicate wireless with other calculators—*Completely cover the infrared data port with heavy, opaque material.*
- Calculators that have power cord—*Remove all power/electrical cords.*

On the day of testing, proctors should check each student's calculator to verify that it is a permitted type. Also, monitor calculator use to ensure the student uses a backup calculator **only** if a primary calculator fails, does not share calculators, and does not store test materials in the calculator's memory. If a calculator has characters one-inch high or larger, or a raised display, proctors may seat students where no other student can see the calculator.
